Adjoining P. J. Maley's Grocery,

### LOCK AND GUNSMITH.

Locks adjusted, Keys fitted, Guns, Bicycles, etc., repaired. House Smithing a specialty.

C. F. ZWEIGART, JR.,

### DAILY MEAT MARKET.

Corner of Second and Sutton Streets.

I HAVE OPENED A

### JUNK HOUSE

In Dodson's coal yard on Wall street. Will pay 50 cents for Country Rags, 50 cents for Rot Iron, from 25 to 40 cents for Cast Iron, 40 cents for Dry Bones, and buying all kinds of Metal—Copper, Brass, Zinc and Rubber, paying fancy prices. H. OBERSTEIN.

### "HELLO!"

MAYSVILLE, SARD'S AND MT. OLIVET TELEPHONE COMPANY.

Messages promptly delivered. Mayville office at Parker & Co.'s livery stable.

## FIRE SUFFERERS.

One Thousand People Homeless at The Dalles, Oregon.

A LOSS OF NEARLY A MILLION.

Many of the Sufferers Lost Everything They Possessed—Relief Committees Appointed and Aid Solicited—Big Fire at Attala, Alabama—Other Fire Losses.

THE DALLES, Sept. 4.—Wednesday's disastrous fire rendered over 1,000 persons homeless and entailed a financial loss of nearly \$1,000,000. Many of the sufferers lost everything they had in the world, and the mayor has appointed a committee to receive contributions for the sufferers.

The fire burned over an area of eighteen blocks, and destroyed among other buildings the opera house, the Vog block, the Methodist, Baptist and Congregational churches, Gibbons, McAllister & Company's implement warehouse, the stores of Fillion Brothers and E. P. Fitzgerald, and between 500 and 600 residences. Many persons have been sheltered since at the Cosmopolitan and Umatilla Houses, which fortunately escaped the flames. So far as can be learned only one serious accident occurred. This was to J. P. Fitzgerald, who was severely burned about the body and hands.

Early Wednesday evening the mayor placed the city under martial law, which prevailed during the entire night. All suspicious characters were put in jail until morning, when they were ordered to leave the city. The militia and deputy sheriffs were withdrawn yesterday. The loss is now estimated at \$665,000 though it is possible that these figures may be exceeded. The insurance as near as can be learned is \$275,000.

#### Steamer Burned.

WASHINGTON, Sept. 4.—About six o'clock this morning fire was discovered on board the steamer W. W. Corcoran, lying at her wharf at the foot of Second street. In an instant the flames spread to every part of the boat. The lines were cast off and the boat floated out into the river and lodged against the steamer George Leary lying at the next wharf. A tug pulled the Corcoran across the channel to the flats, where she burned to the water's edge.

The fire on the Leary was soon extinguished by the fire department with a loss of \$1,000, principally to her upper works; covered by insurance. The Corcoran was for twelve years the only means of travel to Mount Vernon, and that account was well known throughout the United States. She was valued at \$45,000, and was insured for \$35,000. One life was lost—that of a colored boy named Robinson, whose escape from the boat was cut off by the fire, and he jumped overboard and was drowned. The body was recovered. The fire is supposed to have originated in the fire room.

#### One Hundred Thousand Dollar Loss.

NASHVILLE, Sept. 4.—Fire destroyed the business portion of Attala, Ala., at 2 o'clock yesterday morning, causing a loss of \$100,000. Those who suffered by the conflagration are: H. H. Dean, general merchandise; Attala Furniture Household Goods company; J. B. Morgan, saloon; Banks, Arnold & Company; D. A. White & Company and J. C. Guthrie, general merchandise; A. H. Hosmer, N. T. Brown & Company and Cox Brothers, groceries; J. C. Benson & Company, dry goods, and Dupree & Company, tinners. The buildings were all destroyed. Cause of the fire unknown.

#### THIS YEAR'S CORN CROP.

Secretary of Agriculture Rusk Thinks It Will Be Unusually Large.

WASHINGTON, Sept. 4.—According to Secretary Rusk's information the corn crop of this year promises to be unusually large one. It is rather late, but by Sept. 15 or 20 he thinks it will be out of the way of the frost. He is also of the opinion that the surplus of pork and bacon for exportation will be about or above the average, the reports, as well as his own extensive personal observation and inquiries, indicating that the number of swine has increased somewhat, and that they are in unusually good condition. It is probable, however, that the surplus of corn for export will be unusually large, and it is not impossible that the demand for it on the continent of Europe may be stimulated by the short supply of wheat, rye and other cereals. It has been suggested that it is barely possible that some of the European countries may suspend or modify, temporarily at least, the duties on Indian corn and corn meal and rye and rye flour, but there has been no public official intimation of such an intention.

#### Official from Chili.

WASHINGTON, Sept. 4.—The Chilean congressional envoys in this city received the following cable dispatch yesterday: VALPARAISO, Sept. 3, 1891.

General Baquedano has delivered up the command. The re-establishment of the constitution and the laws has been celebrated throughout all the land with indescribable enthusiasm.

WALDO SILVA, Vice President of the Senate. RAMON BARROS LUCO, Speaker of the House.

Senors Silva and Barros Luco, with Commander Montt, of the navy, compose the junta of the government.

#### A Fatal Ride.

MADISONVILLE, O., Sept. 4.—Mrs. Mary Redman, aged sixty-two, was thrown from a carriage Wednesday night near here, and died from the effects of the accident at 4 o'clock the next morning. Deceased was born in Madisonville.

## WORLD'S FAIR AND SABBATH.

Advocates of a Day of Rest Plead Their Case in Chicago.

CHICAGO, Sept. 4.—The national Columbian commission reassembled at 10 o'clock Thursday morning. A resolution was passed inviting the board of lady managers to be present and sit with the national commission during the presentation of the memorial of the American Sabbath union for the closing of the exposition on Sundays.

The members of the Sabbath union, led by Colonel Elliott F. Shepard, of the New York Mail and Express, arrived shortly before 11:30 o'clock, and were shortly afterward followed by the board of lady managers.

Colonel Shepard, as president of the American Sabbath union, presented the memorial of the union praying for the closing of the fair on Sunday. He also, as president of the Sabbath observance committee of the general assembly of the Presbyterian church, presented a petition of that body to the same end. He likewise read a telegram from Archbishop Ireland, of St. Paul, giving his acquiescence in the movement, and the resolution in favor of closing the fair on the Sabbath day passed by the Farmers' Alliance convention at Ocala, Fla.

Colonel Shepard then introduced the Rev. Sylvester Scoville, president of Wooster college, Wooster, O., who gave a brief and eloquent historic review of the history of Sabbath legislation and Sabbath observance and their effects on the nations, socially and commercially. The Sabbath, was, he said, peculiarly wrought into the structure of the American nation. It was settled by Sabbath observers and the Sabbath had always been religiously observed by their descendants.

General O. O. Howard was next introduced and presented the question from the patriotic point of view, quoting from Washington, Lincoln, McClellan and President Harrison, to show how the great soldiers and statesmen of the nation respected the Sabbath in their official capacities.

The Rev. T. A. Fernley, of Philadelphia, then laid before the commission a petition for the close of the fair on Sunday, containing nearly 500,000 names. He spoke of the closing of the Philadelphia exposition as being satisfactory in its results to the management.

Colonel Alexander S. Maitland, of Brooklyn, urged that Sunday laws were not founded on religion, but on the rights of man; that no nation could remain permanently free without a day of rest.

#### Congressman Oates Won't Resign.

CHICAGO, Sept. 4.—"The Alliance men of Alabama have been calling upon me to resign my seat, but they might just as well be silent for all the good it will do," said Congressman W. C. Oates, of Alabama. "The Alliance organizations in two counties in my district, Bullock and Russell, passed resolutions asking me to resign my seat in the house, and in Barbour, Henry and Lee, three other counties in the same district, similar resolutions were introduced but voted down. In Russell and Bullock counties there are 12,000 voters and 5,000 of that number are negroes. As only one-third or less of the whites are Alliance men the resolutions do not represent the feeling of the people, and all that Mr. Kolb and his Alliance following is trying to do to injure me will not have any effect. Kolb wants to be governor of Alabama, and that is the secret of the movement against me."

#### Driven from Home.

WASHINGTON, Sept. 4.—Acting Attorney General Taft has received a telegram from United States Marshal Walker, of the southern district of Alabama, saying that a mob of fifty persons had driven a number of families out of their homes in Choctaw county, Ala. Most of them fled into Mississippi and left their homes, crops and cattle unguarded. General Taft telegraphed that the facts did not call for federal interference, but suggested that the matter be reported to the state authorities.

#### Four Persons Killed by Lightning.

MAGNOLIA, Ark., Sept. 4.—Four persons were instantly killed by lightning six miles east of here yesterday. Mr. Couch, a prominent planter, was in a small cotton house with five or six others weighing cotton. The lightning struck the end of the building, tearing it to pieces and setting it on fire with the cotton. The killed were: Samuel Carter and his fifteen-year-old son, James, John Brown, Dock Blakely. Mr. Couch was rendered insensible for some time, but is now out of danger.

#### Old Game Successfully Played.

JEFFERSONVILLE, Ind., Sept. 4.—A strange negro went out in the country Thursday, hired about fifty negroes at \$1.75 per day to work on the new Ohio bridge. The negroes arrived Friday morning. He met them and demanded half a dollar apiece, which they paid, only to find themselves fooled. The work on the bridge is suspended.

#### His Embezzlement Growing.

YOUNGSTOWN, O., Sept. 4.—The defalcation of Township Treasurer David Douglass now reaches \$17,000. Late last night he was arrested on the charge of embezzlement. The shock to Douglass' young wife has been so severe that it is feared she will not live. No young man in the city was more popular than the defaulter.

#### Remained a Widow Only Six Weeks.

ST. CATHERINE'S, Ont., Sept. 4.—A lady in this city, whose relatives reside in England near those of the man Birchall, who was executed in Woodstock last fall, has received a letter stating that Birchall's widow was married at a place called Red Bank there, within six weeks after her arrival home from Canada.

#### Frosts in the Northwest.

MINNEAPOLIS, Sept. 4.—Reports received here show a heavy frost Wednesday night throughout the northwest. Corn and vegetables are badly injured.

## AMERICAN SUGAR.

One Hundred Pounds Already Made.

EN ROUTE TO WASHINGTON.

It Was Shipped from Chino, California, August 24, and is the First Made Under the Sugar Bounty Clause of the McKinley Bill.

WASHINGTON, Sept. 4.—The first one hundred pounds of sugar made under the sugar bounty clause of the McKinley tariff bill were shipped on Aug. 24 from Chino, Cal., to Hon. John W. Mason, commissioner of internal revenue. The sugar is expected to reach Washington in a few days. It is the product of the Chino Valley Beet Sugar company, of Chino.

The sugar inspector for California has sent to the internal revenue bureau in a report the information that the Chino Valley Beet Sugar company began the production of beet sugar on Aug. 24. It has planted 2,500 acres of beets, and expects to produce 5,000,000 pounds of sugar. The sugar sent to Commissioner Mason will be the first sugar upon which the bounty of two cents a pound will be paid.

The inspector also reports that the Western Beet Sugar company, of Watsonville, Cal., will begin the production of beet sugar Sept. 7, and that it has also 2,500 acres planted in beets and expects to produce 8,000,000 pounds of sugar.

The Alameda Sugar company, of Alameda, Cal., will begin operations between Sept. 12 and 15, and it estimates its production at 2,000,000 pounds of beet sugar.

The sugar inspector for Kansas reports that the Parkington Sorghum Sugar company, of Fort Scott, Kan., began operations at its factory Aug. 29, and made considerable sorghum, but as yet had not made sugar from the sorghum. The inspector states that the Medicine Lodge Sugar company, of Medicine Lodge, Kan., will begin operations on Aug. 31.

All reports received at the bureau indicate that the production of sugar from beets, sorghum, maple syrup, and cane will be up to the original estimates of producers who filed their applications with the commissioner of internal revenue prior to July 1 in order to secure the benefit of bounty. The bounty was then estimated at about \$10,500,000 per year. The proportion has held good so far as the beet sugar manufacturers that have been heard from are concerned. The production of sugar from cane, which is the largest source of supply, will not begin until later in the fall.

#### CHINA AND JAPAN.

Arrival of Another Steamer Bringing the Latest News.

SAN FRANCISCO, Sept. 4.—The steamer Gaelic has just arrived from China and Japan. She brings the latest Chinese news. A Wuchang correspondent, writing to The North China News under date of Aug. 3, says the patience of the foreign population is well nigh worn out at the tardiness shown by the Chinese officials in punishing the perpetrators of the Wuchu outrages. A second batch of offenders, eight in number, have been convicted and sentenced to penal servitude for life.

The Provincial Gazette confirms the report of the appointment of a successor to the deputy prefect. The new appointee is known to be friendly to foreigners, and the arrest of other malefactors was promised. The correspondent, summarizing the efforts of the authorities, says twenty or thirty men were arrested, but subsequently all were released except five. Then after some pressure five were rearrested. On July 4 two of the murderers were privately executed at Kuang Chi. On July 6 a subordinate mandarin was removed from office, though not otherwise punished. The authorities then professed to regard the matter as closed except as to money reparation.

After strenuous representation the authorities consented to reopen the case. On July 29 three men confessed to murdering Customs Officer Green and Missionary Argent, two more to beating two ladies and looting premises, and three to simple looting. The head mandarin was still retained in office, though the British consul was promised that he should be degraded. The correspondent says the prime incentive to the riots at Wusuch was placards against foreigners which had been scattered broadcast.

On July 30, Admiral Belknap, commanding the American fleet, received a telegram from Foochow, announcing that trouble was feared at that city. He sent a cruiser to that place at once. Next day he received another telegram from Foochow, which stated that the Chinese had posted placards with the words, "exterminate the foreigners." The dispatch also gave the information that 3,000 Hunan soldiers at Foochow threatened to join the uprising. The Japanese consul at Shanghai reports that cholera has broken out at Soochow. One case of cholera is reported at Yokohama.

#### Nearly 105 Years Old.

ATLANTIC HIGHLANDS, N. J., Sept. 4.—Mrs. Mary Butcher died here yesterday aged 104 years and ten months. She was born near Port Monmouth, this state, has been married three times, but is survived by only one son, T. T. Rogers, now beyond the prime of life, who resides here. Old age was the cause of death.

#### Miner's Strike.

MASSILLON, O., Sept. 4.—Seventy-five men in the Forest mine quit work yesterday morning because the superintendent refused to remove a breaker from the screen.

## DENIED INCORPORATION.

The Company to Supply Lake Erie Water Meets an Obstacle.

COLUMBUS, O., Sept. 4.—Secretary of State Ryan declined to issue a charter to the Ohio Waterworks company, of Mansfield, whose articles of incorporation were presented Thursday morning. The company had a scheme by which it proposed to supply all the interior cities of Ohio from Sandusky to Cincinnati, including Columbus, Dayton and many other places, with Lake Erie water. In the articles of incorporation a clause authorizes the company to "acquire by purchase, lease, consolidation, etc., existing plants and properties." Secretary Ryan contends that this clause is contrary to public policy, and therefore declined to issue a certificate. The company was to have a nominal capital stock of \$10,000, but proposed after getting under way to increase it to \$25,000,000. The scheme is not an entirely new one, as the feasibility of the plan to pump water from Lake Erie has been discussed, but it never before took practical shape to the extent of organizing a joint stock company with a view of beginning operations.

#### FINANCIAL STATEMENT.

Changes in the Money Circulation During the Month of August.

WASHINGTON, Sept. 4.—The treasury department's monthly statement of changes in the circulation during August passed shows a net increase during the month of \$8,168,321. Of the various kinds of money in circulation, there was a decrease of \$7,442,310 in gold certificates, \$2,196,128 in United States notes, and \$84,877 in gold coin.

Silver certificate circulation increased \$10,297,207 during the month, silver treasury notes \$2,064,272, national bank notes \$1,893,935, currency certificates \$1,190,000, subsidiary silver \$791,204, and standard silver dollars, \$394,818. The total circulation of the country on Sept. 1 is placed at \$1,506,131,133, against \$1,436,062,942 on Sept. 1, 1890, an increase during the twelve months of \$70,068,191.

#### An Insurance Fraud Confesses.

TERRE HAUTE, Ind., Sept. 4.—Charles M. Traut has been arrested for complicity in the scheme of defrauding insurance companies by claiming that one Musgrove had been burned to ashes in an old log cabin. According to his (Traut's) confession Musgrove had bought a skeleton in St. Louis, and the bones found in the remains of the hut were those of this purchased frame. What first aroused the suspicion of the officials was that they could find no shoes or buttons in the ashes. Musgrove is in Chicago, but has not as yet been captured. The amount of insurance involved was \$30,000.

#### No Yellow Fever in Mexico.

WASHINGTON, Sept. 4.—United States Consul Willard, under date of Guaymas, Mex., Aug. 18, writes the state department that the sensational reports published in the United States that the yellow fever prevails at Guaymas and on the Pacific coast of Mexico are without foundation in fact. There has been, he says, no case of yellow fever in Guaymas or at any point on the Mexican coast so far as known; no case of yellow fever on the Mexican coast of the Pacific since 1887. The sanitary condition of Guaymas and the coast, he says, has been good up to this time.

#### A Queer Lover Wedding.

WOOSTER, O., Sept. 4.—Frank Pike, a compositor on the Ohio State Journal, created a scene at a wedding here last night. He had been an unsuccessful suitor for the hand of the bride and also of the bridesmaid. He came to the wedding unasked and acted so crazily as to mar the pleasures of the event. When the bride and groom were at the depot he was found hiding between freight cars. He was arrested and fined for being a suspicious person. The fellow could give no account of himself and refused to explain his conduct.

#### A Girl Killed on a Race Track.

FREMONT, O., Sept. 4.—During the races at the Clyde fair, Nellie Grover, aged fourteen years, attempted to run across the race track while a trotting race was in progress. She ran in front of Silver Maid, a trotter, driven by Frank Harvey, was knocked down and fatally injured. One of the sulky shafts penetrated the skull, making a hole large enough for the brains to ooze out.

#### Lake Erie and Western Strike Off.

LAFAYETTE, Ind., Sept. 4.—The Lake Erie and Western strike is off, and the men have resumed work. Eighteen freight trains have been moved during, and since the afternoon. The strikers resume work in accordance with the terms of the new schedule submitted on Sept. 1, but retain the right to confer with President Brice in the future concerning any grievances.

#### Prospects of an Ending.

BARNESVILLE, O., Sept. 4.—The Watt Mining Car Wheel company's strike promises to be short. Mr. Watt said they had about half their usual force on, and they now say that should their old men fail to go to work soon and thereby fulfill their agreement, they will take steps at once toward procuring new men, which they would prefer not to do.

#### Mine Hoisting Machinery Burned.

SALT LAKE, Sept. 4.—The hoisting machinery in the shaft of the mine at Stockton, about thirty miles from here, was burned Wednesday night. Loss, \$50,000. No lives were lost, the miners escaping by another outlet. Neidringhaus, of St. Louis, owns the property.

#### Fugitive Murderer Captured.

NEW ALBANY, Ind., Sept. 4.—William Johnson, colored, who murdered Samuel Brown and afterward escaped from jail, was recaptured late last night after a desperate struggle in a deserted house two miles north of this city. Dale and Smith, who escaped at the same time, are still at large.

# **EVENING BULLETIN.** DAILY, EXCEPT SUNDAY. **ROSSER & McCARTHY,** Proprietors. FRIDAY, SEPTEMBER 4, 1891.

"AS HEADQUARTERS for bank sensations, what is the matter with Louisville?" asks the Owensboro Messenger.

Of course the Republicans all favor a free ballot and a fair count, if their protestations go for aught. But if this is true, why are they trying to get rid of the Australian election law over in Ohio?

TWENTY-FOUR murders were committed at Louisville during the past twelve months. The Falls City is fast gaining an unenviable reputation on account of her many bank robbers and man slaughterers.

## **Railway News.**

A wonderful story of growth is told in the following figures showing the railway mileage of the United States by decades for the past sixty-years:

In 1830..... 23 miles  
 In 1840..... 2,818 miles  
 In 1850..... 9,021 miles  
 In 1860..... 30,626 miles  
 In 1870..... 52,922 miles  
 In 1880..... 95,296 miles  
 In 1890..... 166,817 miles

In the last ten years the increase was 73,521 miles, or more than 78 per cent., an average of 7,350 miles each year. If the increase in the next decade is only 5,000 miles per year our railway miles in 1900 will be about 217,000.

## **Here and There.**

Master Allen Dodson is spending the week in Cincinnati.

Mrs. George W. Martin, of Lexington, is spending a few days with her parents, Mr. and Mrs. L. Roser.

Mrs. J. T. Kackley is visiting at Rushville, Ind., having accompanied her niece, Miss Nellie Posey, home.

Mr. and Mrs. Charles Maltby and Miss Carpenter, of Cincinnati, were here attending the Pogue-Maltby nuptials last Wednesday. Miss Carpenter will remain a few days on a visit to her aunt, Mrs. Maltby.

## **Decca Testimonial Concert.**

The present indications are that Mlle. Decca will sing to the largest audience that has ever assembled at the opera house. The concert takes place on the 11th inst., just a week from to-night, and already there is a big demand for reserved seats. The fact that the songstress is a Kentucky girl, and once resided in Maysville, ought to attract to the concert every gallant swain (and also his sweetheart) in Mason County. Kentucky people are noted for their chivalry and honor, and in honoring Mlle. Decca, they honor themselves.

The programme for next Friday night will be exceedingly choice, and no one can afford to miss the rare musical treat. To hear Mlle. Decca sing but one of her arias, is a liberal musical education in itself. She is the most brilliant of all the American sopranos, and possesses the requirements necessary for a great singer, as, for example, distinct pronunciation, due expression, artistic phrasing and perfect intonation. She possesses a wonderful power over her audience, and the pathos and poetry infused into her selections captivate and charm everyone.

Mlle. Decca is not only a great singer, but is also a very gifted woman, of broad culture and wide sympathies. In her recent Western tour with the Marine Band, the most welcome tributes to her musical genius came from the cowboys, who were as loud in their expressions of admiration as were the cultivated critics. Mlle. Decca's songs seem to gush from her heart, and this is the secret of her power over masses as well as the classes.

## **River News.**

The packets report a good passenger traffic. The Congo had her register full on reaching Ripley on the down trip a few evenings since.

The Carrollton will pass down this evening at 5 o'clock and the Bonanza late to-night. Due up: Congo at 9 p. m. and St. Lawrence and Andes at midnight.

A few days since the Levanna Mill Company launched a model barge, which was 225 feet in length and cost \$6,000. It is said to be the best piece of work that has ever been done at the Levanna Marine Ways.

The figures on the National Board of Steam Navigation show that of 500,000,000 passengers carried by vessels on American waters from American ports, only sixty-five lives were lost. The statistics of inland travel cannot approach these results in the high average of safety. But one life lost for every 7,692,307 people carried! Does this not clearly prove that the water transportation has been a science, boat-building an architectural certainty, and that comfort, convenience and promptness have been wedded to the highest form of safety.—Exchange.

# **THE PUBLIC SCHOOLS.**

## **The County Superintendent Issues a Circular in Reference to the New Fund—Other Matters.**

The fall session of the public schools of this city begins next Monday. With a few exceptions, this statement applies also to the schools of the county. In some few districts the schools opened this week. At the late teachers' institute Messrs. W. T. Berry and W. R. Chandler were appointed a committee, in conjunction with County Superintendent Blatterman, to prepare an address to the patrons, asking their co-operation with the teachers in doing everything possible for the advancement and improvement of the schools. This address has been issued and in it the patrons are requested to see to it that "their children are in attendance at the opening of the schools, so as to derive the benefit of commencing at the beginning with the various classes as they are formed; that they are supplied with text books, writing material and other necessities for the prosecution of their duties; that the older scholars are prepared to recite the lessons required by the teachers at the early morning hour," and the committee earnestly urge that "parents do not withdraw their children temporarily during the school session."

Superintendent Blatterman has also issued a circular to the school trustees of the county in reference to the special levy of 15 cents on each \$100 of real and personal property and \$1 on each poll for educational purposes. This tax is to be paid over to the Superintendent on or after Oct. 1st, probably not before Jan. 1st, each year. "The object of this tax," says the Superintendent, "and its appropriation, as ordered by the Board of Magistrates of this county, will be to lengthen the terms of the schools."

Continuing, Mr. Blatterman says: "After the State fund appropriated for payment of teachers is exhausted, (February 1st) then the fund furnished by the county shall be disbursed ratably according to the pupilage of the several districts, as in the case of the State School Fund." Section 7. Thus, you will observe, the school terms will be lengthened, and the teachers will be paid accordingly.

Districts composed of adjoining counties in part, shall receive a pro rata, according to the number of their pupil children in Mason County, which shall be reported by the trustees separate, &c. Sec. 7.

The County Superintendent shall, on the order of the trustees of any district, pay for the fuel and other necessary expenses, incident to the comfortable conduct of the schools in such district, from the taxes herein provided for; but the money so disbursed shall not exceed ten per cent. of the sum apportioned to any district, (by the county) nor shall any part of such taxes be expended for building or repairing school houses."

"You will be prompt and careful to have suitable school buildings and necessary appurtenances provided, enlarged or repaired; have good fences to enclose the school ground; have separate water closets provided for the sexes; good heating stoves and all necessary appliances for the comfort of the school. See that good coal houses are built, or if already built, that they are in good repair, with lock and key. The Superintendent will furnish coal upon an order from trustees, in advance of the payment of the county school fund, as fuel will be needed long before that fund is paid over. The school houses should be painted and rendered as attractive as possible.

"You will see that the teachers are prompt in attendance upon school; that lawful school (six hours per day) are maintained. Let the Superintendent have your earnest co-operation in the supervision of our schools, that we may secure the object of the liberal appropriation made for the schools. It gives me pleasure to furnish any information desired by the school trustees at any time, as well as to confer with you concerning the general interests of the school, as committed to our care."

## **MacLean-Prescott.**

R. D. MacLean and Marie Prescott, who have been seen once before in Maysville, will give the opening performance of the season at the opera house Monday night next in a grand production of "Cleopatra." This play has been a wonderful success since its first production last season at Louisville. The supporting company is one of the very best on the road—having all been members of the very best theatrical organizations of the past few years. The scenery is all new and appropriate, having been especially prepared for this play at Fifth avenue theatre in New York. Kentuckians should all remember that Miss Prescott is a native of our State, having been born near Lexington, and educated at Paris. A grand performance is promised and the people of Maysville should turn out in force to welcome these two brilliant stars in a manner they deserve. Seats are now on sale at Nelson's.

## **County Court Doings.**

The Union Trust Company qualified as trustee of John J. Chandler, executing bond with its capital stock as surety. Appraisers: Robert Downing, George Colvin and Joseph Claybrook.

An inventory and appraisement of the personal estate of Wm. T. Dye, deceased, was filed and ordered recorded.

An inventory and appraisement of the personal estate of Ostrander Lloyd, deceased, was filed and ordered recorded.

The Washington and Clark's Run Turnpike Company filed its annual report. The cash on hand June, 1890, was \$505.46; the tolls amounted to \$800; expended on road \$1,135.45, leaving balance of \$170.01.

# **THE LIMESTONE.**

## **Secretary Sharp's Statement of Receipts and Disbursements the Past Quarter.**

Mr. H. C. Sharp, Secretary of the Limestone Building Association, makes the following report for the quarter ending August 31st:

Receipts.

ELI KINDIG, a prominent horse dealer of York, Pa., who visited Maysville occasionally of late years, died a few days ago.

A PRINCETON teacher, in an examination for a certificate, said Kentucky was so named from a former abundance of cane and turkey.

THE Portsmouth Blade says: "When the Maysville Band arrives Sunday evening, they will play their masterpiece, 'The Old Kentucky Home.'"

W. C. RICHESON, the grocer, had the first papaws of the season Wednesday. He didn't forget that the BULLETIN is very fond of the custard apple.

C. E. MAXEY is taking photographic views of the principal business houses of Maysville for the purpose of getting out an illustrated directory of the city.

IN the Greenup Circuit Court David Osborne was awarded judgment against the C. & O. for \$1,000 damages for being thrown from a moving train. Congressman Paynter was his attorney.

# MUNICIPAL MATTERS

## Council at Last Takes a Step to Secure the Free Delivery of Mails.

## Reports Filed, Claims Allowed and Other Business Transacted Last Night.

The following members were present at the meeting of the City Council last evening: Messrs. Cox, Blatterman, Pearce, Saulsbury, Newell, Kehoe, Wood, Rudy, Fleming and Wadsworth. President Cox was in the chair.

Following is a summary of the reports of the Mayor, Marshal and Wharfmaster:

Cases tried by Mayor.....\$4  
Fines assessed by Mayor.....\$ 27 00  
Fines and old bonds collected by Marshal.....112 00  
Total warfarage collected.....59 85

Following is the Treasurer's report:

GENERAL FUND.  
Balance from last month.....\$3,016 52

Receipts.  
License.....6 50  
Pasturage.....7 50  
Wharfage.....53 87  
Dog tax.....11 25  
City property, curbing.....33 60  
Total.....\$3,129 24

Expenditures.  
Alms and alms house.....\$ 206 34  
Feeding prisoners.....58 00  
Gas.....387 35  
Sundries.....60 92  
Work on streets.....448 56  
Police.....240 00  
Breaking rock.....18 10  
Rock.....32 10  
Coupons interest.....60 00  
Taxes refunded.....75 00  
Total.....\$1,536 37  
Balance.....1,592 87

WHITE SCHOOL FUND.  
Balance from last month.....\$15 15

Receipts.  
Fines and old bonds.....85 00  
Tuition.....45 00  
Total.....\$ 130 00  
There were no expenditures.

COLORADO SCHOOL FUND.  
Balance from last month.....\$ 106 15

Receipts.  
Fines and old bonds.....27 00  
Total.....\$ 133 35  
There were no expenditures.

Claims and accounts amounting to \$1,406.61 were allowed and ordered paid. Following is a recapitulation of same:

Alms and alms house.....\$ 96 35  
Station house.....84 00  
Gas.....387 35  
Miscellaneous.....30 85  
Internal improvements.....539 16  
Police.....240 00  
Total.....\$1,406 61

Mayor Pearce reported taxes paid on thirteen dogs since last report, making the number on which tax has been paid to date 275.

The Committee on Internal Improvements was authorized to act in conjunction with the C. & O. railroad authorities in repairing the river bank at foot of Cochran alley and Limestone street and in fixing retaining wall at the cotton mill. The committee was also authorized to confer with the C. & O. railway authorities as to straightening of the tract on Front street.

A deed from Charles Phister and wife to the city, conveying a lot about nine feet in width abutting on Maddox avenue, to be used in widening and improving said avenue, was presented and accepted. The consideration was \$300. This will make the avenue a uniform width.

The question of preparing the new ordinance fixing city license was continued in hands of the committee.

The question of numbering the buildings and streets of the city with a view to securing the free delivery service was called up, and after some discussion Postmaster Davis was granted the floor and gave the members some plain talk about the matter. The ordinance was then taken up and passed. It was first amended, however, so that the main cross street shall continue to be known as Market street instead of Central avenue. The numbering is to be done in accordance with the "block system," and to be completed by Nov. 15th. The contract to be let to the lowest and best bidder and the work done under the supervision of the Committee on Internal Improvements.

Action on the ordinance in reference to the running of trains was postponed till next meeting.

Lane & Worick presented a proposition to make a small addition to the Alms House. The matter was referred to the Alms Committee, with power to act. The following permits were granted; Geo. W. Crowell; to add one story to rear of his business house on Second street, Fifth ward.

C. C. Dobyns; to remove frame house from lot on Second street, just east of the bridge, to high lot in rear, and improve same.

The Marshal was directed to have the pavement on north side of Forest avenue completed at once.

Some other matters of minor importance were attended to and Council then adjourned.

Maysville's Gold Mine.

Maysville has a gold mine in the form of the fuel gas invention recently perfected. The experiments to be made at the plant will bring moneyed men to Maysville from all over the civilized world. Indeed our sister city is extremely lucky in securing such a plum.—Aberdeen Gretna Green.

THE annual meeting of the Grand Lodge of Kentucky K. of P. will be held at Louisville, commencing the 10th of this month.

THE Waller farm near Helena, containing about 100 acres, was sold Wednesday to Captain T. J. Glenn, of Carlisle, for \$85.60 per acre.

THE C. and O.'s excursion from Huntington to Cincinnati yesterday afternoon was a big one. The train passed here with eight coaches loaded.

THE C. and O. Railway Company has sued the Stone City Land, Lumber and Mining Company for \$875.11, due as freight charges. An attachment was issued.

JOS. HEISER Post No. 13, G. A. R., now has headquarters in the Cox Building, having moved from the court house. All members requested to be present to-morrow night.

FOR ulcers, scrofulous affections, boils, pimples and blood poison, Pioneer Sarsaparilla is commended to the masses. Placed within the reach of all. Price, 50 cents. For sale by Power & Reynolds.

WITHIN ten days four country stores have been burned in Daviess and neighboring counties. In each instance the postoffice was situated in the burnt building and all the contents were destroyed.

MESSES. JOHN KLIPP and W. W. Ball have sold a lot on the south side of the Fleming pike, near the junction of the Hill City pike, to Isaac Burns for \$125. They have also sold the lot adjoining to Maria Lane for \$125.

HON. HARVEY MYERS, of Covington, was in town a few hours last evening on business with the C. and O. people. He was Speaker of the last Legislature and is a candidate for re-election to that position at the coming session.

THE Carlisle Mercury says: "James Huffstetter has a leaf of tobacco that measures 42x22 inches." Mathew Hoffman, of this county, can beat that. He showed the BULLETIN a leaf a few days ago that measured 43x23 inches in size.

LAYING corner stone of new Oddfellows' Temple at Cincinnati September 12th. For the above occasion the C. and O. will sell round trip tickets from Maysville at \$1.50. Tickets on sale September 11th and 12th. Limit expires September 13th.

MRS. SALLIE GRIMES, relict of Samuel E. Grimes, died Wednesday at her home above Aberdeen. Her remains were interred yesterday. Deceased was the mother of Mrs. Fred Otto of this city, and was in the eighty-eighth year of her age.

WE won't give names now, but several Maysville couples will plight their troth at the hymeneal altar this fall. When looking for wedding presents you can always find something very elegant in Ballenger's stock of jewelry and solid silver ware.

THE School Board of Hopkinsville, after a long deliberation and several heated discussions, has decided to adopt the synthetic method of reading and spelling. The system was tested in the primary grades during the last term and was found to be satisfactory.

JOHN J. CHANDLER, a farmer living in Fern Leaf precinct, made an assignment yesterday to the Union Trust Company for the benefit of his creditors. He has 306 acres of land, his assets amounting to about \$20,000. The liabilities are placed at about \$10,000.

SAYS the Paris Kentuckian: "Ernest Wallis and Owen Wallis, of Mason County, two twins, aged 14 years, were guests at Lexington fair of their uncle-in-law, Edwin Ward, brother of Judge Quincy Ward. They looked and dressed alike so much that the difference of color of cravat only told which was which."

NOW THAT the elections and fair, racing, &c., are over, and the wheat and tobacco is being handled generally, Frank Owens Hardware Co. are bringing to the front for sale hunting coats (canvass and leather), bird bags, loaded shells, ammunition of all kinds, and sportsmen's wear generally. Call and equip yourself in full for the winter's sport. Prices will suit the purchaser.

THERE is no let up in the religious discussion in the Dover News between the Christians and Baptists of that place. Mr. James N. Boyd throws out the following "def" in this week's issue: "We have a challenge in writing from the Baptist Church signed by the committee, in which we find this proposition: 'That the church or kingdom of Christ, which is now called Missionary Baptists, has stood from the days of the Apostles down to the present.'"

"We demand its discussion. Let us see who backs down at home and not at Fairview. Don't say we have not time, for we have all winter. Let us come to business and not slang Goliath to death. These matters are too important to be passed without careful consideration."

## MEDICAL DISCOVERY

A New Anaesthetic for Minor Operations.

FLESH RENDERED INSENSIBLE.

Distilled Water Injected Under the Skin May Hereafter Play an Important Part in Surgical Operations—Other Dispatches from Over the Ocean.

BERLIN, Sept. 4.—Dr. C. L. Sleich, of this city, has made an interesting discovery. He was conducting experiments with a view to determining how weak a solution of cocaine would prove efficacious as a local anaesthetic in minor surgical operations, when he accidentally discovered that simple water injected under the skin with a syringe renders the flesh at that point insensible to pain. The effect of the water is to create a slight swelling resembling that caused by the sting of a gnat. The space marked by the swelling remains insensible for some minutes so that incisions can be made without causing pain.

The method of procedure is very simple. The skin at the point where the injection is to be made is first made aseptic, then the point of a Pravaz syringe filled with distilled water is inserted. The syringe is slowly emptied, and a white blister appears. The size of the swelling will depend upon the amount of water used. A half minute after the syringe is withdrawn the space distinctly marked by the blister is insensible, and can be cut into without causing pain. The pain caused by the insertion of the syringe can be at once allayed by spraying with ether.

Of how much practical worth to surgery this discovery will prove cannot yet be determined. Dr. Sleich made use of it in the case of a huge carbuncle in the thigh. After the injection the doctor laid the carbuncle open by cross incisions eight centimeters in length, and took out the dead tissue, the patient declaring that the operation gave slight pain. The treatment had no ill effect on the healing of the wound. In the case here mentioned the cuts immediately reunited and healed perfectly.

No More Pauper Children Wanted.

LONDON, Sept. 4.—Communications have passed between the English and Italian governments with a view to suppressing the importation of Italian children to London and other English cities for the purpose of begging. The Italian government has a stringent law dealing with the matter, but the custom of importing these children continues, and they are frequently sent in the streets in a pitiable condition, with the object of exciting the pity of spectators. An Italian child nine years of age was arrested the other day in a London street, dragging a heavy barrel organ and sent to the workhouse. The police find it almost impossible to trace out the persons who send these children begging, as the latter are afraid or unwilling to tell. The authorities will probably take some steps to prevent the landing of pauper children.

Why the Sultan is Cool.

LONDON, Sept. 4.—Constantinople advises state that one cause of the sultan's coolness toward England is the discovery by the Turkish authorities in Arabia that the rebels in Yemen are armed with rifles of the latest English make, imported to Yemen by way of Aden. The sultan is said to be deeply hurt by this evidence of English indifference to the laws of neutrality. Insurrection in Yemen is spreading throughout Arabia, and the Turks have shown themselves unable to cope with the rebels, who are rapidly growing in numbers through the accession of other tribes. It is said that the rebels are actuated by fanaticism as well as a desire for independence, and it is apprehended that they may not stop short of effacing Turkey's rule in Arabia.

Only a Figurehead.

LONDON, Sept. 4.—A dispatch from Zanzibar says that the sultan has at length, with some reluctance, handed over to the British the details of civil and military administration. Heretofore, while acknowledging a British protectorate, he has been virtually independent as to the internal government of his state. He has now placed the army and police under command of a British officer, and appointed a British officer to organize the new harbor police, and take charge of the lighthouses, the officers not to be removed from their posts without the consent of the British agent and consul general. This leaves the sultan with the symbols of sovereignty, merely a pensioned figurehead under Great Britain.

Just Before the War.

LONDON, Sept. 4.—Vast bodies of troops were yesterday set in motion for the autumnal maneuvers in France and Austria. Taken in connection with the belligerent talk caused by the occurrence, a commemoration in Germany of the anniversary of Sedan day, the Dardanelles incident, and the Cronstadt fraternization of Russia and France, these movements suggest to the timid and pessimistic the fear that Europe is, perhaps, witnessing the last review of its mighty hosts before they are being plunged into the awful cataclysm of a conflict, such as not even that war-worn continent has before passed through.

More Jewish Persecution.

LONDON, Sept. 4.—The Jews now being driven from their homes in Moscow are compelled to sign a paper to the effect that they are quitting the town of their own free will. This is done in order that the Russian authorities may be armed with an argument to the charges of brutality which, it appears, have made an impression even in Russia. The prevalent destitution owing to the bad harvest has made the lots of the Russian Jews more wretched than before, the starving peasantry seeking to wreak vengeance on the Jews for their own misery.

Two Hundred Persons Reported Killed. LONDON, Sept. 4.—A report has just come from Paris that a transport train has gone down an embankment at Culmont de Chalindrey and that 200 persons were killed.

## OUR NEIGHBORS.

ABERDEEN.

Colonel Bob Stevenson, the Gretna man, spent Sunday with his folks at Georgetown. Whoop! Let'er whiz! The Ellsberry fair takes place Saturday evening, September 5th.

Brother Jeems Monroe and several more from this place attended the Manchester fair Wednesday.

Wm. Miller, accompanied by his wife, son and mother-in-law, Mrs. Jesse Ellis, were at Youngsville Tuesday.

Mrs. W. Galbraith and son, Jesse, left for their Manchester home Tuesday, after a pleasant visit to C. B. Sutton and family.

Major Lee Simmons, in company with his mother, was in Cincinnati this week attending the "Last Days of Pompeii."

Mrs. George W. Sutton, accompanied by her son Nelson, paid relatives and friends a visit in Lewis County, Ky., this week.

Miss Louise Reidle has returned home after quite a lengthy visit to relatives and friends in the northern part of the State.

Bear in mind W. A. Rist will be the next Sheriff of Brown County. And why not? Ad being one of our solid citizens, weighing 250 pounds, would make a good official.

James Monroe Sutton has moved back to old Aberdeen, after being a resident of Adams County a year or so. Roe's many friends are glad to welcome him and family back.

All is not gold that glitters, and all of these smooth-talking and would-not-do-a-wrong-for-the-world gentlemen are not the consistent Christian people they would have the public believe.

Dr. Stevenson was in Sardinia the first of the week. The Doctor is fast gaining a good practice and winning a host of friends with his kind and courteous treatment of all with whom he comes in contact.

The new school house is progressing after a fashion, and will be quite imposing in looks after completion; but whether mixing the mortar with beer is better than the old-fashioned way, time only will tell.

The old school house recently purchased by the Masons will be a model of neatness when they get through repairing it. The new roof just completed by Henry Rasp, of Maysville, is pronounced the best in this section.

Mrs. Sallie Grimes, relict of Samuel E. Grimes an old and estimable resident of this neighborhood, died Wednesday, September 2nd, and was buried at the family burying ground on their home farm, three miles above town, Thursday.

Put through on the fast line by Hon. Jesse Ellis, the pension attorney: John Mutschelknaus gets \$8 per month, Mrs. Martha A. Kidder \$8 per month and \$2 per month for children. And still the world wags, but no faster than Mayor Ellis can get pensions for worthy claimants.

Dr. J. W. Guthrie has returned from Esculapia after a season's sojourn, much improved in health, to the delight of his many friends. The Doctor is one of Aberdeen's solid, go-ahead citizens, always foremost in enterprises for the town's good, and such men are always sadly missed. May the Doctor continue to improve until perfect restoration to health is the result, is the wish of

NONPAREIL.

ORANGEBURG.

Mrs. S. Tully, of Mt. Carmel, is visiting her parents this week.

Miss Lizzie Bramel was the guest of Mrs. Kate Corry Sunday.

Miss Maud Foster was the guest of Miss Mollie Farrar last week.

O. B. Mayhugh, of Mt. Carmel, was in our midst Saturday and Sunday.

Mrs. Al Bramel, of Mt. Gilead, was the guest of Mr. Frank Parker Tuesday.

Mr. James Kennard, of Murphysville, visited friends at this place last week.

Miss Edith Kerchival, of Covington, is visiting relatives in this neighborhood.

Mrs. Mary Willett has moved to her home near Mt. Gilead. She prefers a farm life.

Mr. Will Cook opened his school Monday morning with an attendance of thirty-five pupils.

Rev. Zeigler, assisted by E. O. Spicer, of Southern Kentucky, is conducting a series of meetings at the Christian Church.

Miss Kate Mayhugh will leave next Saturday to begin her school at Murphysville, this being her fourth term at that place.

A thief was seen prowling around the house of W. T. Mayhugh Friday. He is invited to call again, as the gentleman says he is prepared for him.

[Neighborhood correspondents will confer a favor by sending in their items not later than Tuesday, each week.—ED.]

## A Correction.

Mr. Editor—Your very pleasant and complimentary notice of the wedding at the Central Presbyterian Church is appreciated. I am sure, by all the interested parties. I wish merely to correct your statement in regard to the ceremony. It did not "consist principally of the Episcopal service." I make this statement in the interest of accuracy. Yours faithfully, B. W. MERRIAM.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

## A Minister's Opinion.

Mr. Jacob Connor, a German Baptist minister at Royer's Ford, Montgomery County, Pa., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhea, colic and cramp in the stomach. I have never used any medicine with better or more satisfactory results. I consider it one of the best ever used in our family. For sale by Power & Reynolds."

## SYRUP OF FIGS

### ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

## CASTORIA

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 South Oxford St., Brooklyn, N. Y.

"I use Castoria in my practice, and find it specially adapted to affections of children." ALEX. ROBERTSON, M. D., 1057 3d Ave., New York.

"From personal knowledge I can say that Castoria is a most excellent medicine for children." Dr. G. C. OSGOOD, Lowell, Mass.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.
